

Global Factory List
as of September 08, 2021

Target is committed to providing increased supply chain transparency. To meet this objective, Target publishes a list of all tier one factories that produce our owned-brand products, national brand products where Target is the importer of record, as well as tier two apparel textile mills and wet processing facilities.

Target partners with its vendors and suppliers to maintain an accurate factory list. The list below represents factories as of September 08, 2021.

This list is subject to change and updates will be provided on a quarterly basis.
